This cemetery is located in Section 34, Pole Ridge Road, Saltcreek Twp., Hocking Co., OH. I want to thank Mr. Floyd Hart, Township Trustee for Saltcreek Twp., he was very kind to make mention of and give directions to this small private cemetery, that was located not far from his residence. It is located on a dirt lane leading to a knoll above first blacktop paved drive, south-east of Conrad Road (TR176) on the north side of Pole Ridge Road (TR182). The cemetery is not visible from road, and is located to the right of the lane in a small peaceful clearing, totally surrounded by very tall trees. All stones in this cemetery are in very good shape, being easy to read. I take responsibility for all interpretations; readings of stones contained in this report completed 11 July 1999, by Robert M. Sizelove, Sr. Anyone having valid information that improves upon this report, your information will be appreciated and applied. The following ancestral loved ones are buried here.
